

The PHF invites you to make a special gift during the 2010 Christmas season through the Festival of Lights (FOL) program. This program encourages people to consider a gift to Pratt Regional Medical Center (PRMC) and provides an opportunity to recognize, honor or remember the special people in our lives.

This year we are thinking pink so all gifts will be applied to the purchase of Digital Mammography equipment. This equipment will improve breast screening services for our families.

A Christmas gift of \$10 to \$50 per person will acknowledge your family's support of the season, and act as a memorial or honorarium for a loved one or special person/organization in your life.

This year donors of \$50 will be recognized with a bold type listing in the ads and large gold stars on the FOL Christmas tree. All gifts will also be recognized by the addition of another light on the Christmas tree in the Riney Atrium of the PRMC Medical Complex.

Gift honorees are notified, donors receive an acknowledgment and memorials are listed on the PRMC website ([www.prmc.org](http://www.prmc.org)) and in the Pratt Tribune every other Tuesday beginning December 1st. The Festival of Lights program will conclude on **January 4<sup>th</sup>, 2011**. Gifts should be sent to:

***Pratt Health Foundation  
203 South Main  
Pratt, KS 67124***
